

# AFRICA PARTNERS CONSULTING

## About Us

**Once upon a time**, in the heart of Africa, a few visionary minds noticed a problem: while many communities, organizations, and entrepreneurs had bold ideas to change the world, they struggled to access the resources they needed. Grants were complex. Donor Fund management was intimidating. Opportunities slipped away, and dreams remained just dreams.

From this challenge, **Africa Partners Consulting (APC)** was born.

**Founded in 2010** and rooted deeply in **African soil**, APC grew from a simple belief: that every good idea deserves a chance to flourish. We became the bridge between visionaries and the resources they needed, guiding NGOs, community organizations, and private sector actors through the intricate world of fund management, project design, and grant acquisition.

## Our Journey

Like skilled navigators, we have walked side by side with our partners, across deserts, forests, bustling towns, and quiet villages, designing projects that spark real change. From managing multimillion-dollar donor portfolios to writing winning grants that power education, conservation, enterprise, and food security initiatives, APC became synonymous with trust, excellence, and impact.

## Mission

Empowering resilient African communities through effective project management, resource mobilization, and financial innovation.

## Vision

A premier partner in Africa for fund management and grant success, transforming communities with transparency, innovation, and heart.

## Our Values

- Integrity and Accountability
- Impact-Driven
- Excellence and Professionalism
- Partnership and Collaboration
- Inclusivity and Empowerment
- Local Insight, Global Standards.

**Empowering Partnerships | Tracking Impact | Transforming Communities.**
